Section 1: Randomized Clinical Trials (RCT)

Impact RCT

Stelvio RCT

Believer RCT

Vent RCT
Section 2: Registry

Section 3: Clinical Studies

Long-term Survival

Bridge to lung transplantation/low FEV\textsubscript{1}

Impact of treated target lobe

EBV for emphysema with pulmonary hypertension patients

Alpha-1 antitrypsin deficiency

Air Leaks

Section 4: Collateral Ventilation/fissure integrity assessments

Section 5: Best Practice - Experts recommendations
